REQUEST FOR LETTERS OF INTEREST FOR DESIGN-BUILD SERVICES

The Missouri Department of Transportation (MoDOT) is soliciting Letters of Interest from companies interested in providing design-build services for the Rogersville US Highway 60 Design-Build Project in Greene and Webster Counties.

The primary purpose of this project will be to improve safety and move traffic more efficiently along the corridor by eliminating at-grade intersections and eliminating the traffic signals at the west junction of Business Rte. 60, and Rte. B/VV with US Highway 60. In addition, points of controlled access are being called for in the vicinity of CR 253 and at Rte. B/VV.

One design-build team will be selected to design and construct the project. In accordance with The National Environmental Policy Act (NEPA), an approved Categorical Exclusion will be provided for the cleared footprint of the project. In addition to design and construction, other project elements such as right of way acquisition, quality management and environmental management may be included as part of the design-build contract. MoDOT will use a Best Value selection process to evaluate the ability of the design-build proposers to meet or exceed the project goals.

An informational meeting is scheduled from 9:00 a.m. to 11:30 a.m., Monday, December 2, 2013 at the Ramada Oasis Convention Center, 2546 North Glenstone Ave, Springfield, MO 65803. It is anticipated that the Request for Qualifications (RFQ) will be released on the same day. At the meeting, a presentation will be made on the project, followed by a brief question and answer period and ending with time for networking.

Firms interested in receiving Rogersville US Highway 60 Design-Build information should send a one-page Letter of Interest to MoDOT by registered mail or similar delivery method that indicates proof of receipt, no later than Monday, November 25, 2013 to ensure that you receive all information. The Letters of Interest will allow MoDOT to compile a list of interested companies for notices and any announcements relating to the Rogersville US Highway 60 Design-Build Project.

Address all letters to:

Sean Matlock, P.E.

Missouri Department of Transportation

3025 E. Kearney Street

Springfield, MO 65803

Include in your Letter of Interest the company name and a contact person at your company including, address, phone and fax numbers, and e-mail. If your firm is a Disadvantaged Business Enterprise (DBE), indicate with which local or state agencies you are certified.
